SHOES

There does not seem to be a type of jazz shoe on Amazon that has good options for everyone in regards to size and price. I found these possibilities and would tell kids to buy their own unless they give the exact money ahead of time by a certain date and have picked out which one they want.

Possible shoes from Amazon:

[Linodes Jazz Shoes](#)

[Stelle Jazz Shoes](#)

[Kid Jazz Shoes](#)

The link below has a list of higher quality jazz shoes with ratings. This way kids who need/want special shoes for more support or want longer-lasting shoes can still get them.

I would show this to everyone but tell kids that if they want one of these shoes, they will need to buy them on their own.

If jazz shoes are not possible here are some more ideas:

ORPHANS: black/brown short lace up boots. More rugged/not shiny.

FEMALE STAFF: [black ballerina flats](#)

MALE STAFF: [all black canvas shoes](#)

WARDROBE

MALE STAFF: Please bring white undershirts, black dress pants, and long black socks.

FEMALE STAFF: Blank tank tops and lycra shorts for under clothing. Tan colored panty hose.

HOOVERVILLE: Long black socks, ratty sweaters and coats if you have them, fingerless gloves if you have them

SHOES

If you have jazz shoes for your child great! Those will work. If not, all black canvas tie shoes are perfect. See the link below for an example. Note: white shoes can be spray painted black if necessary.

Another shoe option is lace-up short boots in black or brown rugged leather. See link below for example.
